Cop2 SOUTH BEND-LAPORTE-ELKHART, INDIANA MILK MARKET NEWS

Federal Order No. 67

U. S. Department of Agriculture

Agricultural Stabilization and Conservation Service

Telephone: ATLantic 8-2571

Market Administrator  
220 South William Street  
P. O. Box 216  
South Bend 24, Indiana

Issued for Information of Producers  
Who Are Not Members of Cooperative Associations

Vol. V, No. 10

October 1961

SEPTEMBER UNIFORM PRICE \$4.16

Dairy farmers will receive a uniform price of \$4.16 for September 1961 deliveries of Grade A milk to handlers under the South Bend-LaPorte-Elkhart, Indiana, milk order. The uniform price is based upon a butterfat test of 3.5 percent, and will be adjusted by a differential of 7.3 cents for each one tenth percent that tests vary above or below the 3.5 percent standard. This minimum price is subject to a 4 cent per hundredweight marketing service deduction, together with the authorized hauling charge.

#### PRODUCER RECEIPTS

Producer receipts on a daily basis show a slight decrease of less than one half percent from August. However, when compared with a year ago, they are down 40 percent. This is due to a loss of this market to another marketing order in receipts and sales. Daily herd production shows an increase of 35# per producer over August and 42# per producer over September of 1960. The increase by each producer each month offsets the loss of producers, so that the supply remains almost steady.

#### CLASS I SALES

Sales of Class I products show a 2 percent increase over August, and since the receipts of producer milk were almost the same, Class I utilization of producer receipts was 77.5 percent, whereas in August it was only 75.8 percent. The sale of dietary products in Class I has almost disappeared from this market. The same thing has happened in most markets where statistics are available.

#### BASE REGULATIONS

All producers requesting "new producer status", or having less than 90 days' production received by a handler in the months of September, October, November, and December 1961, will be paid on the following basis for April, May, June, and July 1962:

April delivery period	79% at "base"; 21% at "excess"
May delivery period	75% at "base"; 25% at "excess"
June delivery period	76% at "base"; 24% at "excess"
July delivery period	81% at "base"; 19% at "excess"

All producers who wish to request a "new producer status" for their earned base, must have their WRITTEN REQUEST in the office of the Federal Milk Market Administrator, P. O. Box 216, South Bend 24, Indiana, by February 15, 1962.

#### CLASS I PRICE

The Class I price for the October 1961 delivery period will be \$4.44 per hundredweight for 3.5 percent milk. This price was computed by adding \$1.30 per hundredweight to the average condensery pay price (\$3.18) and deducting the 4 cent supply-demand adjustment. The supply-demand adjustment for the November 1961 delivery period will be a plus 2 cents.
